(INCUMBENT)!**

**Q**

**What do you enjoy about being a GCREC member? What does being a GCREC member mean to you?**

I like being a GCREC member because I feel like I am a part of something, not just another business that I buy something from, but a business that is working hard everyday for all of its members that are just like me.

**Q**

**What is something you'd like for the cooperative to focus on in the future or next 3-5 years?**

I would like to see GCREC continue to serve its members in a safe, reliable, affordable manner like they have for many years. We will continue to have more need for reliable power with EVs, AI, crypto, and all other electric demand. I expect GCREC to stay on the forefront of those opportunities.

**Q**

**Why do you enjoy serving on the board?**

I enjoy serving on the board because I enjoy the people. From the members all the way to the G&T, I feel like everyone has a role in keeping the lights on. This co-op is what we make of it, and I feel like this co-op and its staff are headed in the right direction; I would like to see it continue down that path for many years to come.
